

My name is Judy Principi. I am a Registered Nurse. I am writing in support of the HB 5326. I believe it should be an individuals right to make their own end of life decisions. Palliative and hospice care can be wonderful choices for some terminally ill people, but in reality it does not work for everybody. I am hopeful that this bill will pass, and bring with it some piece of mind for the terminally ill and their families, as well as for myself.

Please do the right thing, and pass HB 5326.

Thank you,

Sincerely,

Judy Principi
